Deadline set for college registration by Soldiers

HEIDELBERG, Germany – Soldiers using Army Tuition Assistance and planning to enroll for college classes that have start dates through Sept. 30 must do so before Sept. 24.

“Attempts to enroll in courses after Sept. 24 will not be approved,” said L. Dian Stoskopf, chief of Army Education.

This enrollment cut-off is necessary, Stoskopf said, to allow for the fiscal year change-over.

The cut-off, however, has no impact on eArmyU course enrollments or registration for classes starting Oct. 1 or later. These enrollments will be funded by the Soldier’s fiscal year 2008, \$4,500 TA authorization, noted Jeanette Johnson Installation Management Command-Europe tuition assistance program manager

All eArmyU course enrollments are covered under a contract and differ from the way traditional TA is obligated.

Installation education services officers throughout Europe will work very closely with their on-post academic institutions to ensure registration deadlines are met, Johnson said. However, Soldiers are encouraged to still contact their education offices to ensure the process is completed and to discuss any “holds” they may have on their accounts.
